LIFEGUARDS

We recommend that you pack extra swimsuits for your time at the waterfront. You should also bring sunglasses, extra towels, and goggles.

HORSEBACK STAFF

You may bring your own boots if you'd like to wear them in the ring. It often gets muddy and sneakers/trainers can get pretty gross while teaching! You may want to wear a hat as well, as there is very little shade in the riding rings.

Please MARK EVERYTHING with your name.

Clotheslines are available to dry wet clothes and towels.

International Staff: We will provide sheets, blankets, and pillows. You will need to bring your own towels. We recommend that you bring plug adapters for any electronics you bring. We find that many international staff find American tea and chocolate sub-par, so you may want to bring your own. You will have to opportunity to go shopping at the end of your first week at camp. Many international staff pack just enough of the essentials to get to that first Friday when you can go to Target/Walmart! We have laundry facilities on camp where you'll be able to do your washing up.
